Dear David,

Thanks so much for bringing THE RESPONSES by the offices. I'm sorry I was unable to attend the reading.

I found the character of the Rabbi fascinating and I was very taken with the play because it was such a play of ideas. Unfortunately again, as was the case with your earlier play, it seems so far from the kind of work we are able to do in our theater space at the Phoenix, that I can only again wish you well in your search for a production and urge you to keep in touch.

Is a production in the works where you had the reading? Please do let me know.

Kindest regards,

Anne Cattaneo
