Oct. 30, 1979

Dear Joel Schechter,

Here is the Full version of THE MOMENTS OF THE WANDERING JEW you asked to see. Part III of this (Four-part) script is basically what you saw at the Open Eye, except in two respects:

- (1) In this version, the Wandering Jew's monologue is much shorter
- (2) This version contains a final page of dialogue whose function is to make a transition from Part III to Part III, and which was therefore cut in our production of Part III alone

There also exists a 3-hour abridgment of the Full script, prepared for a staged reading at the Open Eye last spring. Let me know if you want to see that.

My number in New Haven and my agent's number in N.Y. are on the title-page of the script.

Best,
David Cole
